

GOLF OUTINGS

Dori and John Dainton, Agatha Hay, Andrew Ng

Rene Theil, Jim Suttie, Colin Lunn, Peter Ayres

WEDNESDAY, 21ST FEBRUARY 2024 KSC NORTH COURSE

It was **Jim Suttie's** first time on the North Course, and **Dallas Reid** returning after an eight-month absence. Even though the conditions were challenging—20 of us kept hacking away on the course—**Jim** almost gave up by the 16th due to the intense heat, hole but persevered to finish the round. **Well done Jim!**

John Dainton and **Chris Burley** were engaged in an intense battle for third place.

Though we bid farewell to the North Course for now, the memories of today's efforts and triumphs will stay with us until the cooler months later this year. It's then that we'll eagerly return to take on the challenges of the North once again!

Thank you to everyone who attended, and congratulations to everyone who won special mention to **John Dainton** getting his first podium position!

**THURSDAY, 21ST MARCH 2024
KSC SOUTH COURSE**

Peter Ayres on the 12th

The atmosphere was electric when we announced the return of our golf event to KSC South course, a much-anticipated occasion since it has been six-month since we last held an event on the south course. Predictably, the news was long awaited, igniting an influx of interest that quickly oversubscribed the event.

We encountered a minor logistical hiccup when our 7:30am bus to Sai Kung failed to show up. The early risers for the bus had to scramble to find alternative transportation to reach Kai Sai Chau. Nevertheless, a cheerful group of thirty-two players gathered at KSC, eager for our first tee off at 10:03am.

The incredible performances that followed demonstrated the genuine magic in the air that day. It's amazing how well everyone played—20 out of 32 players scored 30 stableford points or higher!

Even I managed to shot my personal best, and racked up 38 stableford points. Yet, despite my score, a

podium position remained elusive, slipping through my fingers due to a disappointing back nine.

Among the standout moments of the day was **Peter Ayres'** awe-inspiring mammoth drive, reaching a jaw-dropping 320 yards to win the longest drive competition. It was a stroke of brilliance, made all the more impressive by his ingenious use of the cart path.

As the day neared its end, our determination remained unwavering as we persisted in our quest to surpass personal records. A spirited group rallied together, setting their sights on the beer tower can challenge: the last height was set in December at our Christmas Cracker event!

The bus eventually arrived for our journey home, and it's worth noting that **David Lindsay**, the day's victor, generously supplied beverages for the bus ride!

Thank you to everyone who attended, and congratulations to everyone who won see you at our next golf outing!
